WAR TAXES

On April 15, 1915, the Special War Revenue Act became effective as follows:

War Stamp Tax on Letters and Post Cards

A "War Tax" 1c. Stamp, in addition to the ordinary postage, must be affixed to each letter and post card mailed in Canada, for delivery in Canada, the United States, and Mexico; also on letters and post cards mailed in Canada for the United Kingdom and British possessions, or wherever the two-cent rate applies.

Failure on the part of the sender of a letter or post card to comply with the above, such letter or post card will be sent to the dead letter office.

Wherever possible and procurable, stamps on which the words "War Tax" have been printed should be used for prepayment of the "War Tax," but should ordinary postage stamps be used for the purpose they will be accepted.

The "War Tax" Stamp should be affixed to the upper right-hand portion of the envelope or post card. Circulars, catalogues, newspapers, and parcels are not subject to the "War Tax."

WAR STAMP TAX ON CHEQUES, SAVINGS DEPARTMENT RECEIPTS, BILLS OF EXCHANGE, PROMISSORY NOTES, Etc.

Cheques issued on Current Accounts.

Receipts and **Cheques** issued on Savings Department Accounts.

WAR TAXES—*Continued*

Bills of Exchange and **Promissory Notes** delivered to a Bank **must have a two-cent Stamp** affixed when drawn for an amount of $50.00 or less **and an additional two-cent stamp** on every $50.00 or fractional part in excess of $50.00.

The **Issuer** of a Cheque or Bank Receipt must affix the stamp before payment can be made.

The **person who delivers** a Bill of Exchange or Promissory Note to a Bank must affix a stamp before delivery.

Telegrams and **Cables.** A "War Tax" of one-cent is to be paid on all Telegrams or Cables.

Express and **Money Orders.** A "War Tax" of two-cents is to be paid on all Express and Money Orders.

Postal Notes. A "War Tax" of one-cent is to be paid on all Postal Notes.

Stock Transfers. A stamp tax of three-cents must be paid on each share of stock transferred.

The Special War Revenue Act also covers Railway, Steamship and Ocean Tickets; Sleeping Car and Parlor Car Tickets; Proprietary or Patent Medicines; Perfumes and Wines.

As the Tax on the above list varies according to the amount involved it is impossible for us to print the clause in detail. All items mentioned are, however, subject to a tax and the purchaser is liable for same.

Eclipses, 1925

In the year 1925 there will be four eclipses, two of the Sun and two of the Moon.

I. A total Eclipse of the Sun, January 24, 1925, visible in Toronto as a total Eclipse. The path of totallity commences N.W. of Duluth and passes in a general S.E.ly direction over the extreme W. part of lake Superior, north part of Wisconsin and lake Michigan and S. half of lake Huron, striking the province of Ontario almost centrally near Goderich. The whole of the Niagara Peninsula will be immersed centrally in the shadow of totallity with Toronto inside the northern edge, and it will pass over lake Ontario diagonally to Rochester, a small portion of lake Erie will also be included near Buffalo. New York City will be just inside the south limit of totallity. About long. 58° W. and latitude 40° N. the line of totallity curves gradually to the N.E. over the Atlantic Ocean, passing to the north of Scotland and ends about midway between the Shetland and Faroe Islands. At Toronto the Eclipse begins 7 hrs., 59.6 min., a.m., middle of Eclipse 9 hrs., 12 min., a.m., and ends 10 hrs., 25 min., a.m., Standard Time.

The astronomical data is based on the latitude and longitude of Toronto. The Standard Times at other places not differing much from Toronto in latitude may be obtained with sufficient accuracy for ordinary purposes by **adding** four minutes for every degree **west** and **subtracting** four minutes for every degree **east** of Toronto.
